Dear Dr. Biberson, dear Dr. Goemaere,

On behalf of Ambassador Graf zu Rantzau I would like to thank you for your letter of February 12, conveying information relating to the difficulties you are confronted with in carrying out relief assistance in the Safe Areas of Srebrenica, Gorazde and Zepa. This information is most useful with regard to our evaluation of the situation in Bosnia for our work in the Security Council.

Let me also express our appreciation for the very important humanitarian aid activities that your organisation has engaged in since the outbreak of the crisis in Bosnia.

Yours faithfully,
