**URGENT! URGENT!**

Following my fax this morning, Françoise Saulnier  
now proposed that MSF declare that we are ready to welcome  
those 5000 refugees in our countries.

This would be a strong pressure to oblige our governments to  
welcome people from ~~ex~~ Yougoslavia.

Please discuss the matter urgently in your section!!!  
Thank for attending a teleconference on that topic

**Today 4. PM please call Paris**
