Hello everybody,
Find herewith the Sitrep of the day, big day, 24/06/95.

8H00 : How do you feel today ? For us, it's a little bit difficult... : dinner party last night with friends of ICRC. But we didn't speak about work, just drank, danced, ... and had egg fight. Good laugh.
It was a good therapy to calm down.

Everything is now going to fast:
information from Srebrenica about shellings in the pocket during the night (15 in all), 3 near the hospital and the MSF house, 1 dead and 2 wounded... BSA entered in the pocket and went back after to their initial position... shit...

8H30 : remember it. We just received the clearance for India ... YYYOOUUUPPPI !!!

we are dreaming...

The road to do now... we have a good feeling because one UNHCR convoy is on the way in, and 3 UNMOs left the pocket this morning without problems...

10H25 : Our team (Christine and Daniel) just left BGD. Now we have to wait. Good luck to them.

Here, Miro and Dejan our drivers, and Slavica, our secretary, came today in the office and are really helpfull. It was great to see how they were happy when they translated to us what was written on the clearance.

Presentation for tuesday of a new request for rotation of Gorazde team.

12H00 : The "chef de cabinet" of Prof Koljevic confirmed the reception of our request to meet him today. Vice president is aware of it and we must be called in the afternoon.

13h00 : the car with Christine & Daniel gone passed Zvornik ; Zdravsko called to make appointment on Monday 26th. Dr Kalinic asked him to discuss with us forecast & convoys of may & june. All this sounds very positive

14H45 : they succeed to enter in the pocket...
OOOOOOUUUUUUAAAAOOOOOOUUUUU !!!

They have now only one hour and a half to be briefed by Edwin, Catherine and Igor. After, those 3 have to leave for BGD. We hope everything will be ok.

UNHCR has not the same chance. Today, his convoy for Srebrenica is blocked by BSA.

17H00 : We are sure now; Edwin, Catherine and Igor are on their way back to BGD. Guy and Pitou are waiting for them in Zvornik on the FRY side of the border. Still no news of the Prof and nobody answering in the Presidency during all the afternoon. Slavica just spoke with his secretary. She must call us when he will arrive...

We don't where he is... may be in Zvornik with some french "attachés".

18H30 : No news from Prof Koljevic. His secretary received our second letter requesting to meet him. Anyway, now he is informed. Until tuesday, we will do our best to see him and to deblock the situation in Gorazde. After the rotation of MSF team in Srebrenica today, we think we are on the good road.

That's all folks.

Love

Give special kisses to Catherine Edwin and Igor when they will arrive to BGD
