Dear Sir,

In view of the politically motivated false allegations made by your president and his refusal to follow norms and procedures established with the other NGOs as well as the repeated statements he has made to withdraw MSF-France from operations in Ethiopia, and the negative consequences these have had on the organization's relief activities, and more particularly on the plight of drought affected people in the shelters, we are obliged to inform you of the following:

1. The RRC has accepted your organization's repeated offer to withdraw its operation in Ethiopia and, therefore, has decided to discontinue the services of Medecins Sans Frontieres-France as of 2 December 1985.
2. The Commission has accordingly instructed its Relief Department and Health Division to take over forthwith your on-going programme at relief shelters in Kobo, Korem, Kelala and Sekota districts of Wollo Administrative Region.
3. Matters related to all programme commodities and project assets will be dealt with in accordance with the basic agreement signed between the RRC and MSF-F.
